Category:Sound recordingQ: Android 4.4 KitKat: BroadcastReceiver crashes app with "interrupted in a call to system" EDIT: I reinstalled Android Studio and ADT the other day and I cannot replicate this error. If anyone has experienced it before please comment and provide a solution. I have implemented a custom boot animation and I am using the following classes to display the animation: This is the boot class: public class Boot extends BroadcastReceiver { private Animation mAnimation = null; private AnimationDrawable mAnimationDrawable = null; @Override public void onReceive(Context context, Intent intent) { if (intent.hasExtra(Intent.EXTRA\_BOOT\_COMPLETED)) { Intent service = new Intent(context, MyService.class); context.startService(service); } else { Intent service = new Intent(context, MyService.class); context.startService(service); } Intent myIntent = new Intent(context, Boot.class); context.startService(myIntent); } @Override public void onServiceConnected(ComponentName name, IBinder service) { Intent myIntent = new Intent(context, Boot.class); context.startService(myIntent); this.mAnimation = AnimationUtils.loadAnimation(context, R.anim.anim); this.mAnimationDrawable = (AnimationDrawable) this.mAnimation; this.mAnimationDrawable.start(); } public void onDestroy() { if (this.mAnimation != null) {
