The term "macro" is commonly used in the computer industry and refers to a sequence of

commands that will be "executed" when you perform a certain operation. Most dock programs allow you to record a series of commands you want to execute as a macro. Once you have recorded a macro you can add it to a dock file and then associate it with any directory or file. When you select the macro icon, the macro will be immediately executed. If you have been used to see a desktop folder with all your files, this icon is meant to give you the same kind of feeling with dock files and directories. Inside the folder is a green area where all the icons of the files are arranged, with the name of each file and its category. All the icons that are included in the Suit Folder Icon collection are available in the PNG format. This means they are compatible only with dock programs.
