FIFA is the world's leading video game franchise and has sold over 350 million copies. It is more than a sport, it's an entertainment phenomenon known and loved by people around the world. The object of the game is to control a football club. The more games you play, the better you get. Learn More About FIFA at www.easports.com/fifa. The new-generation engine means that every aspect of the game has been improved. From the players' movements, passing and shooting to ball physics and player interaction, FIFA 22 harnesses the power of the Frostbite™ engine to deliver a more realistic, authentic and immersive gameplay experience. MatchDay FIFA 22 introduces the new MatchDay mode, the most detailed management and competition system of any football game. Managing the players and team requires skill, knowledge and practice. Fantasy managers can now customise their squads and configure player attributes to create their ideal line-up, then compete in the thousands of available tournaments. Every tournament type has its own unique set of rules, alongside the ability to tailor your own. The Frostbite engine also brings lighting and reflections to a new level of detail, bringing matches and environments to life. Real Touch The best feel in video games is provided by the Player Impact Engine, which delivers a more realistic experience than ever before. Coaches can take direct control of their players, call time-wasting free kicks and order complex formations. The player model, including weight, stamina, acceleration and movement, has been improved. Additional modes have been added to the new season, including the new narrative campaign 'Heroes Journey'. A player's talents can be customised using an improved Training Centre. The Football Manager editor has been expanded and all managers now have access to live matches, analysed statistics, infographics and audio and video commentaries. Fantasy managers can now control substitutions and monitor injuries. Improved visuals The Frostbite engine powers every facet of FIFA 22. It has been improved to make the graphics and animation that make the game so realistic and engaging even more detailed, smooth and detailed. Goals have been redone with enhanced graphics and animations, lighting and smoke effects. Refining The improved refereeing system helps referees make the right call every time. Player control MatchDay mode includes the Coach Creator, enabling players to create their own custom
