FIFA is the world's leading videogame franchise. With over 100 million copies sold, FIFA is the biggest sports video game franchise of all time. EA Canada's popular FIFA Soccer series has sold over 100 million units worldwide since it launched in 1991. The FIFA franchise is the cornerstone of EA SPORTS, as well as one of the world's most successful videogame brands. FIFA 22 EA SPORTS FIFA 22 brings the game even closer to the real thing with fundamental gameplay advances. Improved artificial intelligence and updates to player personality have been a focus for FIFA players around the world, both on and off the pitch. FIFA 22 delivers refined tackling, covering, clearing and defensive positioning that makes the difference for in-game players who rely on the intelligence of real footballers for victory in the most demanding matches. Key improvements in FIFA 22 include:

- AI controls in 2v2 are more intelligent – human-like personalities add depth and realism to 2v2. The game now accounts for shot type and location, and makes decisions based on the position of players. AI partners make intelligent tactical choices during matches.
- Player personality is expanded. You'll now see how players' skills may influence decisions in the most demanding matches, and understand why they choose to play the way they do.
- Teamplay improves with FIFA Ultimate Team. The game now recognizes all of your played FUT players, and allows you to draft them into your starting XI.
- More dynamic environments. Improving weather transitions, landscape scale and changing weather conditions in the pitch change the face of gameplay in more ways than ever before.
- New Controls are coming to FIFA in Season Ticket. The updated Control Stick delivers a new method to control players for more efficient and intuitive gameplay. New in FIFA 22:
- For the first time in the FIFA series, your player's mood affects the way he approaches and plays the game. You can now influence your own game through your player's temper, expressed through a new Mood System.
- Coach Mode has been completely rebuilt. Now coach your team more easily in Training Mode, analyse every training session and improve your tactics with the new methodology.
- Players can show their personality in more ways. Now you can modify your player's traits, including height, weight and appearance. New in FIFA Ultimate Team:
- You can
