I really want to know how it goes... are you going to go with the milkshakes? Chandler Sorry, I didn't intend to hit you up today, lol. Just a few questions! I've been hitting the gym, but only been doing cardio (which I'm not fan of... I'm more of a gym rat) and I've been doing strength training, but no...not that either (it scares the sh!t out of me when I lift)... what should I be doing... and I have around 5K to lose (if you count my love handles)!! Chef EJ Keep doing what you're doing, Trent. There's always more room to improve. Chef EJ An Indian cookbook? I haven't read that one either. I need a copy for the house. Otherwise, I'm kind of the same story with writing. It needs to be out there. Oh, and I have 8 kids. Seven because I adopted one from India when he was around a year old. The rest are all my biological kids. I was married, worked and was a stay-at-home mom for several years. After the kids started school, I worked part-time at the first place I could find and now I'm pregnant with my seventh child. LOL Nikki Why can't you motivate yourself to lose weight? You seem like a person who is willing to make changes and try new things to help you look better. Not everyone is like that. Chef EJ Trent, I think it's that hunger. If you go longer than three days without eating, your body is going to go into starvation mode. That's why I eat foods that are heavy in protein and nutrients. And once that initial hunger hits, I have to
