Birdsong is the final book in the trilogy. Mediastinal lymphoma following irradiation of large neoplastic mucosal lesions of the oropharynx. Mediastinal lymphoma (ML) following radiotherapy for neoplastic lesions of the oropharynx is a rare condition that may remain clinically silent for many years. A case of asymptomatic ML following primary chemoradiotherapy is reported. All patients with large lesion of the oropharynx who are treated with radiotherapy should be carefully followed up in the long term. The present invention relates to a high-speed digital data communication system to be used in video transmission, and more particularly to a video data transmission system utilizing the data compression technique, and a data compression/decompression technique for use in such a transmission system. Since the video recording/reproduction system has been developed, various techniques for high-speed transmission of video data have been developed as follows: 1) An improvement of picture quality of a picture image to be generated, PA1 2) An improvement of picture quality of a reproduced picture image, PA1 3) An improvement of picture quality of a received picture image, PA1
